

## **FLOWER PLANTERS IN THE LLANGOEDMOR AREA**

### **Roadside Planters at Croes-y-Llan and Llechryd (Preseli View verge and end of Lady Road)**

Contractors will be required to plant and maintain (including watering during the summer months) three roadside planters to give a suitable summer and winter display.

All areas are open to the public and can be visited at a time convenient to any prospective contractor. Accompanied site visit, if desired, may be requested through the Clerk.

Quotations should be sent, in writing, (e-mail acceptable – llangoedmorcc@gmail.com) to Mrs Sue Davies, Clerk to the Council, Dworek, Sarnau, Llandysul (Tel: 01239 652997) no later than last post on **????????????**

.

*Where similar work has not been previously undertaken for Llangloedmor Community Council, details of 3 referees and evidence of appropriate third party insurance should be supplied.*

*Waste arising from any works should be disposed of according to current regulations.*

Please note that this is a quote as the amounts do not fall under the Community Council's requirement to tender. All contractors may be assured that quotation amounts will be kept confidential and will not be made generally available until the Council meeting.

### **General Terms and Conditions**

The Contractor should have all the necessary insurances to undertake the work and may be asked to provide evidence of these.

The Contractor is to inspect all sites prior to the commencement of scheduled works in order to determine access and site conditions. Some access to sites may be restrictive.

Any obstructions, such as building or road works preventing safe access to the site and therefore preventing contract works should be reported to the Client.

Where damage is the result of the contractor's operations, all works required to meet Health and Safety requirements must be completed within 2 working days. Any non urgent remedial action must be completed within 14 calendar days following the incident. Costs of rectifying any damage must be met by the Contractor.

The Contractor will comply with all relevant environmental protection legislation.

The Contractor will dispose of any waste arising from the works in line with current waste legislation.

### **HEALTH & SAFETY**

The contractor shall supply on request "Suitable and Sufficient" Risk Assessments on all work processes to be delivered as dutifully required and imposed by current Health & Safety at Work Regulations.

Principal attention is protection of the public at all times, but particular attention shall be drawn to specific areas where vehicular traffic is present or nearby, gradients, slopes or banks which pose additional specific hazards or risk.

Complete compliance shall apply to all duties imposed by current legislation, whether they are acts, regulations, codes of practice, industry standards or best practices

Failure to observe, implement or comply with legal duties imposed by current legislation shall be deemed in breach of contract.

Updated October 2020.
