

Advice from OVW re agenda headings via Chairman
Matters Arising and AOB

I have contacted One Voice Wales to discuss the exclusion of Matters Arising and AoB agenda items and they have echoed what Sue has stated in her email to us, we should NOT have these as agenda items as we cannot control the content of said agenda items. All agenda items must have a clear topic/subject and be available to the public before the meeting and if the item is not on the agenda, then we cannot decide on any outcomes or discuss it, we either have an extra-ordinary meeting or add it to the agenda for the next planned meeting to discuss and decide. If anybody wants to add anything to the agenda for discussion, then please email Sue prior to the meeting as mentioned below.

Hopefully, we can now put this issue to bed, but if anyone does have any concerns or queries then please drop me an email.

Many thanks,
Iwan
