It was advised by Trustees that consideration for the provision of broadband might be made. The basic cost at the current time would be £120 for a phone line (if one is not already installed) and £23 per month for broadband. A representative of the Trustees had expressed concern that with limited bookings, the costs could not be covered. There would be no dedicated provision to enable hybrid meetings.

**7.5 Update on the bequest of land and agree on any response**

Having noted the information provided by the Executor of the estate, it was advised that another party claimed ownership of the land in question, 3 to date excluding consideration of the bequest. The current ownership issues were between the Estate and those claiming ownership. While the Council had sympathy for the Executor of the Estate, who attended the Council meeting and provided mapping and information, it was not felt appropriate to use public money to contest ownership of land not yet in the ownership of the Council.
