Meeting Date:	October 2026
Report Title:	Grant Application Generator Paper
Agenda Item Number	7.6.1
Paper Reference	October 2026-4
Presented By	Clerk
For	Decision

Introduction

Llechryd and Llangoedmor Resilience Committee (LLRG) and Coracle Village Hall are requesting a grant of £3,348 for the installation of an emergency back up generator at the Coracle Hall Llechryd.

Summary of the Grant Application and Additional Information

The LLRG wants to install an emergency generator at the Coracle Hall Llechryd to ensure that the Hall can continue to function as a community hub in the event of a power supply failure during an emergency. The hall is used during emergencies such as storms and flooding.

The funding for the generator will be handled by the Coracle Hall which is a registered charity.

The original grant application was for £3,108 based on a quoted received in January 2026. Another more up to date quote has now been received and the funding requested is now £3,348.

If full funding for the generator is not secured from the Council then the Group will look at accessing grants and fundraising to make up any shortfall.

The grant application is attached as Appendix 1 to this report.

The revised quotation for £3,348 is attached as Appendix 2.

Action

Motion: That the Council awards a grant of up to £3,348 towards the cost of an emergency back up electric generator as outlined in this report.

Grant Application Form

If you have queries with regard to completing the form please contact the Clerk to the Council who will be happy to advise.

The Council would prefer to provide financial assistance towards specific projects, events or purchases of equipment which provide direct benefit to the Community of Llangoedmor and its' residents. However, it will also support ongoing revenue costs if an organisation can demonstrate its lack of funds and the adverse effect on Llangoedmor and its residents if the organisation is unable to continue or is hampered by lack of funds.

Applications will only be accepted from charitable and non-profit making organisations. The council regrets that applications from commercial organisations or individuals will not be considered.

Section A – Please tell us about your project / event or organisation

1. Name of Organisation

Llechryd & Llangoedmor Community Resilience Committee in association with Coracle Village Hall Committee

2. Please describe below (please attached additional sheets if required) the project/ event you are applying for funding for or the reasons why your organisations requires funds

Project: Emergency Backup Generator for Llechryd Coracle Village Hall as requested by LLRG

The Llechryd & Llangoedmor Community Resilience Group (LLRG) (associated with the Ffynnone Community Resilience initiatives in Ceredigion) is not a registered charity and does not have a Charity Commission number. We do not meet the minimum income threshold or formal structural requirements to register with the Charity Commission for England and Wales. We operate as a local, unincorporated community action group affiliated with Ceredigion County Council. We are a working committee of 13 members -including the local PCSO, 2 members of the community council and a Ceredigion councillor along with varied members of local residents. The purpose of this action group is to help local residents in times of emergency crisis caused by external community factors. We are all volunteers who live within your ward.

We are currently seeking funding towards the purchase and installation of an emergency backup generator for Llechryd Coracle Village Hall. This Hall serves as a central community hub for residents of all ages and acts as an emergency resilience centre during flooding, power outages, water supply interruptions, severe weather events and other infrastructure emergencies. Having this generator will ensure the Hall remains operational as a safe gathering point where residents can access warmth, lighting, information, communications and welfare support during emergencies in the event of an electrical outage. We feel that due to recent, and likely future extreme weather risks, the need for this generator is vital and of the utmost urgency to vulnerable local residents.

We appeal to you as our local Community Council, to consider this application with our local communities welfare foremost in your decision.
